

Is your property near the St. Croix River?

If it is, please contact your local government before undertaking any work on your property to learn about any riverway zoning regulations or scenic easement requirements related to your proposed activity or project.

St. Croix Riverway regulations protect water quality, near-shore wildlife habitats, and the natural scenic beauty of the river valley for current and future generations. The following projects may be affected by riverway zoning rules or scenic easements terms:

- Landscaping, vegetation removal, tree trimming, tree cutting or tree removal
- Construction, placement, or replacement of driveways, decks, patios, walkways, fire-pits, retaining walls, stairs, lifts, rip-rap, etc.
- Remodeling or reconstruction of existing buildings
- Construction of new buildings

Contact your local government before investing in plans for your property to learn more!
